I love uber!!!!!!!!!! Taxi service, cars, drivers, prices, and attitudes are terrible. Uber is better, cheaper, faster. Customers should have right to read a buyer beware notification and then choose.

As a frequent Uber rider, I am very disappointed to hear of the recent cease order. I was in Charleston in November, used Uber 80% of the time we needed a ride, met some very nice drivers, and never once was concerned for my or my wife's safety with an Uber car.

The United States has ALWAYS been a champion of free enterprise. This recent action in South Carolina is counter to that. Uber has made significant investments to ensure the safety of their customers from everything I have read, so please reconsider repealing the recent cease order and do the American thing - let free enterprise prevail and give consumers a choice.

Sincerely,
Kevin Patton

Please let Uber continue. As a woman, I feel safer choosing Uber above any other taxi company.
